Today’s Objectives

Discussion of updates to the Workforce Innovation and Opportunity Act (WIOA) ETA-9130 Financial Reports and Instructions (hereafter referred to as ETA-9130 or 9130).

Approval Date: April 13, 2016
Expiration Date: April 30, 2019
OMB Control #: 1205-0461

All documents are available at: https://www.doleta.gov/grants/financial_reporting.cfm
The ETA awards approximately $8 billion in formula and discretionary grants each year to an average of 1,000 recipients.

Financial reports for each of these grants must be submitted quarterly on the financial report form ETA-9130.

There is a Basic ETA-9130 report for discretionary grants and thirteen (13) program-specific variations.
Financial reporting requirements for Federal programs prescribed by the Office of Management and Budget (OMB) have changed with the implementation of the Uniform Guidance at 2 CFR Part 200 which went into effect on December 26, 2014, consolidating eight previously applicable Circulars.

DOL’s exceptions to the Uniform Guidance are at 2 CFR Part 2900.
With the passage of the Workforce Innovation and Opportunity Act (WIOA), there are numerous new statutory requirements, including new and/or revised limitations and baselines that require the addition of new and modification of existing reporting line items on ETA-9130 Financial Reports.
Other reporting line items have been added and removed in an effort to streamline Federal financial reporting and make the ETA-9130 more closely resemble the SF-425 (OMB 0348-0061), which is the standard financial reporting form for Federal grant recipients.
Today’s discussion will only address changes to the WIOA-specific ETA-9130s.

It will not cover every section of each 9130 report and its instructions.

The new forms discussed today will become available in the e-Grants reporting system for the quarter ending September 30, 2016.

For copies of the 14 new forms and the instructions, please go to: https://www.doleta.gov/grants/financial_reporting.cfm

Across The Board Changes

Affects **ALL** ETA-9130s, including the Basic Form
Line item number 4a was renamed Unique Entity Identifier, as prescribed by 2 CFR 200.210.

This field is currently known as the Data Universal Numbering System (DUNS) number or Central Contract Registry extended DUNS number.

The number is pre-filled automatically by the reporting system and will remain the same until such time a Unique Entity Identifier is determined.
Line item number 7 was renamed Basis of Reporting.

DOL’s exception to the Uniform Guidance at 2 CFR 2900.14 allows ETA to require that its grant recipients report expenditures on an accrual basis.

If operating on a cash basis, the recipient will not be required to convert its accounting system, but must develop and report such accrual information through best estimates based on an analysis of the documentation on hand.
Expenditures

Instructions have been updated to reflect the Uniform Guidance definition of Expenditures at 2 CFR 200.34 (c).

For reports prepared on an accrual basis, expenditures are the sum of:

(1) Cash disbursements for direct charges for goods and services;
(2) The amount of indirect expense incurred;
(3) The value of third-party in-kind contributions applied (reported in recipient share section); and
(4) The net increase or decrease in the amounts owed by the non-Federal entity for:
   (i) Goods and other property received;
   (ii) Services performed by employees, contractors, subrecipients, and other payees; and
   (iii) Programs for which no current services or performance are required such as annuities, insurance claims, or other benefit payments.
Recipient Share

Non-federal resources such as match and certain leveraged resources.

Instructions have been updated to reflect DOL’s exception to the Uniform Guidance definition of Cost Sharing or Matching at 2 CFR 2900.8.

In addition to the guidance set forth in 2 CFR 200.306(b), for Federal awards from the Department of Labor, the non-Federal entity accounts for funds used for cost sharing or match within their accounting systems as the funds are expended.
Program Income

Instructions have been updated to reflect additional guidance provided in the Uniform Guidance at 2 CFR 200.305 (b)(5).

Use of resources before requesting cash advance payments. To the extent available, the non-Federal entity must disburse funds available from program income (including repayments to a revolving fund), rebates, refunds, contract settlements, audit recoveries, and interest earned on such funds before requesting additional cash payments.

20 CFR 683.200 (c)(6)-(8)
ETA attempts to streamline Federal financial reporting by bringing ETA-9130 requirements as close as possible to the already existing SF-425 report.

The following lines have been removed:

- 10l – Recipient Share of Unliquidated Obligations
- 10m – Total Recipient Obligations
The following new Indirect Expenditure reporting line items have been added:

- Type of Rate
- Rate
- Rate Approval Date
- Period From – To
- Base
- Amount Charged
- Federal Share
- Totals
Indirect Expenditures ...continued

- There is **NO** section on Indirect Cost on the local 9130s.
  - X - WIOA Local Youth
  - X - WIOA Local Adult
  - X - WIOA Local Dislocated Workers

- Indirect costs are only to be reported by the non-federal entity receiving direct awards from DOL and using an indirect cost rate.

- Recipients using a Statewide Cost Allocation Plan (SWCAP) and/or subrecipients will not report indirect expenditures.
Indirect Expenditures  …continued

- Indirect costs are only reported on the Final 9130 report.

- **Multiple values** may be entered in each Indirect Expenditure reporting line item (13a-h) for instances in which more than one rate applies to the applicable grant period of performance.

- While some administrative costs may be indirect costs, the two must not be generally equated.
Indirect Expenditures ...continued

- **Type of Rate**
  - Provisional, Predetermined, Final, Fixed, Fixed with Carry-Forward, De Minimis, or other

- **Rate**
  - Percentage applied to Base

- **Rate Approval Date**
  - Date on which the indirect cost rate was approved

- **Period From – To**
  - Two separate fields:
    - Date on which the indirect cost rate became effective
    - Last date (ending date) on which the indirect cost rate was (or is going to be) effective
Indirect Expenditures …continued

- **Base**
  - Amount of the distribution base against which the rate(s) was applied
  - E.g., Modified Total Direct Costs (MTDC)

- **Amount Charged**
  - This is a manual calculation; the system will not calculate this for recipients
  - Multiply the Rate (%) times the Base ($)

- **Federal Share**
  - Federal Share of the amount charged

- **Totals**
  - This is a manual calculation; the system will not calculate this for recipients
  - Add up the individual values for Base, Amount Charged, and Federal Share respectively

At the end of a grant, **two reports must be submitted**:

1. The **Final** ETA-9130 report must be submitted no later than **45 calendar days** after the reporting period in which the grant period of performance (POP) expires or all funds are expended, whichever comes first. The Final ETA-9130 report must be indicated by selecting ‘Yes’ in the reporting line item 6, Final Report.

2. The **Closeout** ETA-9130 report must be submitted no later than **90 calendar days** after the expiration of the grant period of performance. The Closeout ETA-9130 Report must be completed in addition to the Final ETA-9130 report. It becomes accessible online **after** submission of the Final ETA-9130 report at which time a link to the closeout system will also appear. The closeout package can be accessed via the following URL: https://www.etareports.doleta.gov/CFD0CS/grantee_prod/reporting/index.cfm.
